Subject: one Day Workshop on " Revision of SE(Civil) Syllabus"

Dear Sir

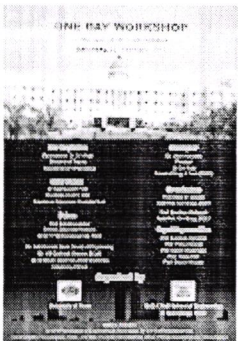

Kindly find attached brochure of One Day Workshop on " Revision of SE(Civil) Syllabus" arranged on Saturday, February 23, 2013 at Dr D Y Patil School of Engineering and Technology, Charholi(Bk), Via Lohgaon, Pune.

It is requested to forward this workshop Brochure and list of coordinators to the all faculty of Civil Engg Dept and inform them to forward the suggestions, modifications, additions, changes if any in the syllabus through e-mail upto February 20, 2013 to the coordinators and Dr Sunil Kute(e-mail-sunilkute66@gmail.com), Chairman, BOS(Civil Engg), UoP.

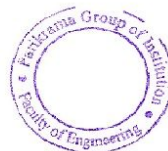

Also requested to depute min. two faculties to particiapate this workshop from your Institute and forward the details of participants upto 20/02/2013. Waiting your reply.....

With Warm Regards

Dr. Uttam B. Kalwane

Dear Sir/Madam,

Greetings from the Amrutvahini College of Engineering, Sangamner.

It is our immense pleasure to inform you that, Savitribai Phule Pune University and Department of Civil Engineering, Amrutvahini College of Engineering, Sangamner, organizing one day workshop on **"Revision of TE Civil Engineering Syllabus – CBCS- 2015 pattern"**, in Amrutvahini College of Engineering, Sangamner on **18<sup>th</sup> Nov. 2016 at 10.30 am.**

Your Presence will be highly appreciated.

We also request you to kindly circulate this to your colleagues / friends /associates to participate in "Revision of TE Civil Engineering Syllabus" workshop.

A Brochure that was brought out in this connection is attached with this mail for your ready reference, highlighting the salient features of this workshop. Along with syllabus of SE civil 2015 pattern and TE civil 2012 Pattern and Proposed TE Syllabus Structure for your information.

You are requested to form a group of concern subject with university faculty and prepare suggestions if any.

With Kind Regards,

**Asst.Prof. Chetan S. Kadlag.**

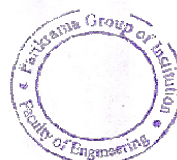

Department of Civil Engineering.

Amrutvahini College of Engineering Sangamner

Dear Sir/ Madam,

Vishwakarma Institute of Information Technology, Pune-48, is organizing a One day workshop on **"Revision of S.E Civil Engineering Syllabus – CBCS- 2015 pattern" On 4<sup>th</sup> April, 2016** on behalf of Board of studies- Civil Engineering, Savitribai Phule Pune University(SPPU), Pune.

Please find attached the brochure with registration form for the same.

Kindly register on or before 30th March 2016 by filling the Registration form in the brochure and sending it to Dr. S. N. Londhe (shreenivas.londhe@viit.ac.in) and/or Dr. Preeti Kulkarni (preeti.kulkarni@viit.ac.in).

Principals and HODs are requested to depute at least 1 faculty from the department who can contribute towards revision of S.E -Civil Engineering syllabus.

Thanking You.

Regards,

Dr. Preeti Kulkarni,

Associate Professor and Coordinator,

Vishwakarma Institute of Information Technology, Pune.

Dear Madam,

The Artificial Intelligence syllabus is in process. The team structure is as follows

Subject : Artificial Intelligence

Course Advisor: Dr Madhavi Pradhan

Coordinator: Dr Roshani Raut (Ade) DYPCOE, Lohgaon

Team Members:

- 1) Dr Pravin Phutane PCCOE
- 2) Dr Sulochana Sonkamble JSPMS Narhe
- 3) Dr Jayashree Prasad SCOE
- 4) Dr Nitin Pise MITCOE
- 5) Dr Nuzhat Faiz Shaikh MES Wadia
- 6) Prof Prashant Suryavanshi PCOE
- 7) Prof Asha Sathe AIT
- 8) Prof Urmila Kalshrtti PVG
- 9) Prof Rahul Rathod Samarth COE

Guidelines

Theory

- 1) The name of Subject Artificial Intelligence instead of Artificial Intelligence and Robotics
- 2) First four units on AI and two on Robotics

Probable Structure

Unit 1 Introduction

Unit 2 Problem Solving

Unit 3 Knowledge and Reasoning

Unit 4 ANN , NLP

Unit 5 Robotics

Unit 6 Robotics Programming , Current Trends

Books identified

Russel (AI)

Rich and knight (AI)

Peter Norkies (AI)

Fu and Lee (Robotics)

Gonzalvez

Practical

1) Tools : Python/C++

2) Bigal Bone

3) Rasberry PI

4) Parallel programming scope in assignments

5) Include in Assignments Social aspect, usage of tools etc

with regards

Dr Madhavi Pradhan

## ARTIFICIAL INTELLIGENCE

Unit	Content	Hours
<b>1</b>	<b>Introduction</b>	6
	What is AI, The Foundations of AI, History of Artificial Intelligence, Applications of AI. Intelligent Systems: Agents and Environments, Good Behavior: The Concept of Rationality, The Nature of Environments, Structure of Agents	
<b>II</b>	<b>Problem Solving</b>	8
	<b>Solving Problems by Searching:</b> Problem-Solving Agents, Searching for Uninformed Search Strategies, Informed (Heuristic) Search, Heuristic Functions. <b>Beyond Classical Search:</b> Local Search Algorithms and Optimization Problems, Local Search in Continuous Spaces, Searching with Nondeterministic Actions, Searching with Partial Observations, Online Search Agents and Unknown Environments. <b>Adversarial Search:</b> Games, Optimal Decisions in Alpha–Beta, Imperfect Real-Time, Stochastic Games, Partially Observable, State-of-the-Art Game Programs, Alternative Approaches. <b>Constraint Satisfaction Problems:</b> Defining Constraint Satisfaction Problems, Constraint Propagation: Inference in CSPs, Backtracking Search for CSPs, Local Search for CSPs, The Structure of Problems.	
<b>III</b>	<b>Knowledge and Reasoning</b>	10
	<b>Knowledge Representation issues:</b> Representations and Mappings, Approaches to Knowledge Representation, Issues in Knowledge Representation, <b>Representing Knowledge Using Rules:</b> Procedural Vs Declarative knowledge, Logic Programming, Forward Vs Backward Reasoning, Matching and Control Knowledge. <b>Probabilistic Reasoning:</b> Representing Knowledge in an Uncertain Domain The Semantics of Bayesian Networks, Efficient Representation of Conditional Distributions, Exact Inference in Bayesian Networks, Approximate Inference in Bayesian Networks, Relational and First-Order Probability Models <b>Probabilistic Reasoning over Time:</b> Time and Uncertainty, Inference in Temporal Models, Hidden Markov Models, Kalman Filters, Dynamic Bayesian Networks.	
<b>IV</b>	<b>Artificial Neural Network, Natural Language Processing</b>	8
	<b>Introduction:</b> Neuron, What is Artificial Neural Network, <b>Types of Artificial Neural Network:</b> Neural network structures, Single-layer feed-forward neural networks (perceptron's), Multilayer feed-forward neural networks, Learning in multilayer networks, Learning neural network structures. <b>Natural Language Processing</b> Introduction, Syntactic Processing, Semantic Analysis, Discourse and Pragmatic Processing, Statistical NLP, Spell Checking.

### Requesting all HODs to forward this mail to all Civil faculty from your department

Dear Colleagues  
Season's greetings

I am sure that currently the academics must be at its peak as the in-sem and on-line examinations are approaching fast. I am writing this mail to all Civil Engineering faculty colleagues through your HOD for a specific reason. Lately I have been part of few meetings in the University in the capacity of Board of Studies Chairman and thought that I should discuss with you and seek your frank opinion about few upcoming matters. I request all HODs to conduct a meeting in your department with all Civil faculty to discuss following points and send me minutes of the meeting (not more than one page) by 15th of this month. I believe the common opinion arrived at would be forwarded to us. We would take up your feedback in our next BOS meeting scheduled in third week of February 2019.

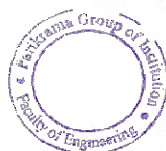

The points on which I want your opinion is

1. Is a syllabus revision necessary immediately from 2019 June starting with First year? Our syllabus revision was in 2012 and we did one more revision in 2015 which was basically for converting to credit system.
2. I hope all of you would be aware of the latest AICTE model curriculum suggesting 160 credits for a UG program. If **given a choice** should we adopt it? Should we adopt it as is or with changes? I particularly want you to focus your attention on the **structure** of the program with **number of credits allotted to core and professional electives and other non-core courses**. Similarly please pay your attention to the structure in which a student can learn verticals from Civil Engineering like Structures, Construction management, Transportation, Water Resources through electives, with compulsory courses giving a general idea about all Civil Engineering disciplines.
3. The most important question for all of us is what about inclusion of **Basic Civil and Mechanics courses** in First year. AICTE curriculum doesn't suggest these courses. As per AICTE curriculum Mechanics for Civil branch can be taught under Science courses (physics) and Introduction to Civil Engineering is a 2 credit course in 2nd year. Thus Mechanics and Basic Civil won't be taught to all branches like the current practice if AICTE curriculum is followed as it is. What is your opinion about this? I believe Basic Civil Engineering gives primary information about Civil Engineering to all other students which is a must in this era of interdisciplinary education and Mechanics is backbone of Engineering course which makes them mandatory in course structure of any branch.

I once again appeal all HODs to conduct a meeting in your department and send me minutes of meeting particularly with respect to the above mentioned subjects by **15th February 2019**. Please be crisp in your writing and just send **one page report with your name (HOD) , your college name, number of faculty attended the meeting**, I am attaching the draft of AICTE curriculum with this mail.

Dear Civil Engg HOD and Faculties,

Kindly see the attached revised syllabus for Second Civil Engg 2020. Kindly give the suggestions and modifications.

Also, circulate this to all our civil engg faculties to know each and every staff particularly in Nashik, Nagar and Pune region respectively.

Thanking you

Dr. Pravin D. Nemade

Dear All

We are organizing SE electrical Syllabus Orientation Workshop 2020-21 from 22/06/2020 to 26/06/2020 in online mode. Please fill the following information correctly. Check email id twice to avoid miscommunication. All HOD are requested to forward this form to their respective subject teacher. Note that this workshop is for the first semester subject only. As you know, the BOS introduced practicals for Advanced Mathematics in Electrical Engineering. It is expected that these practicals must be conducted by department faculty as experiments are based on electrical problems.

Schedule for Syllabus Orientation:

22.06.2020--PGT

23.06.2020--MS

24.06.2020--ADE

25.06.2020--EMI

26.06.2020--AMEE

Time :

Session - I : 11.00 am to 1.00 pm

Session - II 3.00pm to 5.00 pm

Fill this form by tomorrow (20.06.2020) evening

Registration Link : <https://forms.gle/XsgFsyJ9j1Efh1U19>

With Warm Regards,

Sincerely yours,

Dr. Amol A. Kalage  
Professor and Head  
Department of Electrical Engineering

Good evening all,

As per the revised structure of SE(Electronics/ E&TC), In addition to credits courses, it is mandatory that there should be an audit course (non-credit course). The student will be awarded grade as AP on successful completion of the audit course. The student may opt for two of the audit courses (One in each semester). Such audit courses can help the student to get awareness of different issues which make an impact on human lives and enhance their skill sets to improve their employability. List of audit courses offered in the semester is provided in the curriculum. Students can choose one of the audit courses from the list of courses mentioned. The list of audit courses is from swayam (NPTEL) platform. NPTEL is an initiative by MHRD to enhance learning effectiveness in the field of technical education by developing curriculum based video courses and web based e-courses. The details of NPTEL courses are available on its official website [www.nptel.ac.in](http://www.nptel.ac.in). As a part of the Audit course student has to select any one course from the list mentioned in the curriculum and has to register for the corresponding online course available on the NPTEL platform as an Audit course. The last date for registration on NPTEL platform is 15/07/2020. Thus you all are hereby informed to get your SE students registered for the course as the registration deadline for the courses is **15th July 2020**.

Good evening ,

All you are aware that the curriculum revision starts in 2019 and we have revised the curriculum of FE & SE in 2019 and 2020 respectively and now we have to revise the curriculum of TE for the academic year 2021-22. As per revised structure the total credits for TE are 42 ( Semester\_I 21 credits and Semester\_II 21 credits) and we have also decided to introduce one Elective in each semester and internship after end of Semester\_I for 4-6 weeks and its evaluation evaluation in Semester\_II for 4 credits. So considering the need of hour and expectations of various stakeholders, kindly suggest the tentative professional theory courses and courses under Electives to be included for Sem\_I and Sem\_II to the undersigned upto 28/12/2020.

Kindly feel free to contact for any clarification.

Regards,

Dr. D S Bormane

Dear and Respected all,

Greetings of the day!!!

\*Department of Mechanical Engineering, Nutan Maharashtra Institute of Engineering and Technology, Talegaon Dabhade, Pune\* is organizing an **"Online Syllabus Implementation Workshop on Skill Development & Audit Courses 5 & 6"** for revised Third year courses (2019 Pattern) under the aegis of **\*BoS (Mechanical and Automobile Engineering), Savitribai Phule Pune University (SPPU)\*** on **\*27th July 2021 from 02.30 pm onwards\*** on **"GOOGLE-MEET"** online platform.

● The syllabus draft copy is prepared as per guidelines of AICTE model syllabus and referring GATE, IITs/NITs as well as feedback from Faculties who taught the subject to bridge the gap of Industry requirements on recent trends.

● The faculties who are teaching this subject on AY 2021-22 Term-I are requested to attend the complete session and give your suggestions for implementation of the syllabus successfully.

● Kindly register for the workshop by click on following google form

<https://forms.gle/DVrjoFhbNZm3Aomc8>

● Pls join the meeting (27 July 2021, 02:30p.m. onwards) with the following Link:

Meeting URL:

Dear Sir/Madam,

Greetings!!!

We are happy to share with you that the tentative structure of the BE (Computer Engineering) 2019 Course curriculum is prepared by the BoS Computer Engineering team under the guidance of respected Dr. Varsha Patil Madam, Coordinator, BoS Computer Engineering, SPPU, Pune. The same is available in the below mentioned google form.

You are requested to submit the feedback and also ask the faculty members of your Institute to submit the feedback for the tentative curriculum structure of BE (Computer Engineering) 2019 Course in a day or two.

The link for the google form is as follows:

<https://forms.gle/eNBZZnM7vyg5iV7c7>

Expecting kind cooperation from your side.

Thanks and Regards,

--

Prof.Dr.Pramod Patil

Dear Sir/Madam,

**Greetings of the day.....!**

Department of Electronics & Telecommunication of **Vidya Pratishthan's Kamalnayan Bajaj Institute of Engineering and Technology, Baramati** is organizing Three days Online "Faculty Orientation Workshop on BE (E&TC) Revised Syllabus 2019 Course" under the aegis of Board of Studies Electronics and Telecommunication, SPPU, Pune on subject **Elective-II Electronics Product Design (404185)**.

The objective of this workshop is to orient the entire faculty towards the revised syllabus of BE (E&TC) and to bring in uniformity in teaching across all the colleges under the SPPU, Pune. Entire syllabus will be covered by expert teachers and industry persons in concerned subjects.

We request you to depute concerned faculty for the workshop.

**Dates:** 14/07/2022 to 16/07/2021

**Timings:** 10.00 am to 4.00 pm

**Platform:** Online (Link will be communicated to registered participants)

**Registration link:** <https://forms.gle/57tsqa2sFrCoZPiG7>

**WhatsApp Group:** <https://chat.whatsapp.com/Jrfdch0uX3mCSIP95g7AIE>

**Join Telegram Group:** <https://t.me/+M5EDQQ9mOnlhMmZl>

Sir,

As per our staff suggestion

\*third year Measurement Laboratory (302053) only practical /term work is there. So theory of MQC is essential and can be included in final year.

\*Dynamics of Machinery.

In Kinematics of machinery (202047) Gyroscope was excluded, so it is need and can be incorporated in Dynamics of Machinery.

Thank you sir.

Dhagate Mohan

Sir,

As per our staff suggestion

\*third year Measurement Laboratory (302053) only practical /term work is there. So theory of MQC is essential and can be included in final year.

\*Dynamics of Machinery.

In Kinematics of machinery (202047) Gyroscope was excluded, so it is need and can be incorporated in Dynamics of Machinery.

Thank you sir.

Dhagate Mohan

Sir,  
Not in DOM but some where in elective or in other advanced manufacturing or CAD, CAM, drawing or part of related subjects.

Respected sir,  
As per the suggestions, Gyroscope will be included in the Dynamics of Machinery Syllabus for Final Year 2019 Pattern. But the theory related to MQC can not be added in the DoM syllabus as it will not be directly related to Dynamics of Machinery. The syllabus is already vast for the subject.  
Thank you.

### Regarding feedback for the tentative structure of BE (Computer Engineering)

Inbox x

**Dr Pramod Patil** <pdpatiljune@gmail.com>

to Santosh, HOD, archana.chaugule, Hodcomp, mvm\_comp, mapotey, Rahul, sharad.rokade, Dhananjay, svpmcoecompsspeaks, Dwarakoba,

Dear Sir/Madam,

Greetings!!!

We are happy to share with you that the tentative structure of the BE (Computer Engineering) 2019 Course curriculum is prepared Dr. Varsha Patil Madam, Coordinator, BoS Computer Engineering, SPPU, Pune. The same is available in the below mentioned go

You are requested to submit the feedback and also ask the faculty members of your Institute to submit the feedback for the tentati or two.

The link for the google form is as follows:

<https://forms.gle/eNBZZnM7vyg5iV7cZ>

Expecting kind cooperation from your side.

Thanks and Regards,

--

Dear Head of the Department,  
Greetings!

Department of Electrical Engineering of K. K. Wagh Institute of Engineering Education and Research, Nashik has organized a **One-day Workshop on 'BE (Electrical) Syllabus Revision (2019 Pattern)'** in association with the Board of Studies (Electrical), Savitribai Phule Pune University (SPPU), Pune on Monday, 20<sup>th</sup> June 2022 at the Michael Faraday Hall of Electrical Engineering Department.

On behalf of the organizing committee of this workshop, I take the privilege to invite you for the inaugural function to this workshop. The detailed schedule and leaflet of the workshop are attached separately.

You are requested kindly to register on the link given below for marking your attendance for the event.  
This will help us to plan the event.

<https://forms.gle/9qsL4SfJkzTmzn1e9>

In case of any query, please feel free to contact Dr. R. K. Munje (9923181711). He is marked in the e-mail.

**Vision:**

Development of all round, socially responsible, innovative electrical professionals and researchers leading to empowerment to serve needs of society, meet global challenges and emerge as Centre of Excellence.

**Mission:**

- Establish vibrant learning environment to enable students for lifelong learning with ethical practices to face challenges of electrical engineering field and globalization by providing state-of-art infrastructural facilities.
- Promote active learning, critical thinking and engineering judgement coupled with business, entrepreneurial skills.
- Expose to recent technological advancements and industrial professional practices. Introduce PG Programs and establish recognized research centre.
- Provide conducive environment and promote intellectual (scholarly) pursuits for encouraging innovation, research, real world problems with multidisciplinary approach.
- Offer consultancy and R&D services to various social, educational, industrial and commercial organizations for self reliance.
- Establish centre of excellence in the field of power quality and energy management.
